PLASTIC PIPES 2027

Redefining & Rethinking Endless Applications

11th - 12th January 2027

JW Marriot, Sahar, Mumbai

ABOUT
Society Of Plastic Engineers (SPE)

SPE India is a leader among global SPE chapters in disseminating Technical knowledge on plastics, and has always been successfully managing Seminars and Technical Conferences. It has managed to create a platform for Techno-Commercial discussions within the Plastics Industry and among polymer science students. Having a successful track record of holding the biggest plastics pipe conference in India, there is no doubt that participants will return with a lot of information and knowledge after the event.

ABOUT
The Conference

Plastics Pipes 2027 conference offers a unique networking opportunity for delegates from the entire industry, including Resin Manufacturers, Pipes & Fittings Manufacturers, Additive Producers, Machinery Manufacturers, Testing & Certification Bodies, Infrastructure Projects Management & Consultants, Pipe Processors Association and Institutions, End Users and Government Agencies, etc.

THEME OF THE
Conference

The Plastic Pipes 2027 provides a comprehensive overview of the latest material, technology, business trends & applications and will bring all the stakeholders from machinery, ancillary, additives manufacturers, project management consultants and end users together to identify challenges and opportunities in the plastic pipe industry.

Partnering & Branding Opportunities
